

Make Americans Free Again!

Special Announcement!

**We are so proud of our attorneys:
Tom Renz, Michael Hamilton,
F.R. Jenkins and Robert Gargasz**

On Thursday, May 20, they joined with other great American attorneys and filed for a Temporary Restraining Order against several federal agencies to stop the authorization of COVID-19 vaccines for use in children under the age of 16.

The defendants include the Centers for Disease Control, The Department of Health and Human Services, The Food and Drug Administration, the National Institutes of Health, and the DHHS Vaccines and Related Biological Products Advisory Committee.

Plaintiffs include Scott Jensen MD & America's Frontline Doctors. We thank these brave doctors for taking a public stand on this and many other issues related to the COVID-19 debacle.

And we thank our members and donors for supporting our efforts to free ourselves from medical tyranny.
